

Nanosafety Training School

From Basic Science to Risk Governance of present & future Nanomaterials

Interprofessional Education Training School

	Monday, 21 st June	Tuesday, 22 nd June	Wednesday, 23 rd June	Thursday, 24 th June	Friday, 25 th June
12:45-13:00	Arrival, Welcome & Check-in				
13:00-14:30	Welcome & Key Note Lectures	Hazard to Human Health & Environment	Nanomedicine: from the Lab to the Market	Risk Assessment & Management	Modelling
14:30-15:30	Coffee break & virtual networking				Closing Remarks
15:30-17:00	Safe-by-Design towards Sustainability	Fate & Exposure Assessment	Similarity Assessment, Grouping & Read Across Approaches	Risk Governance	

These projects have received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 760928, No 760840, No 814426, No 814401, No 814425, No 814530 and No 760813.
